

ACTION TEAM

2023 Action Team Poster Competition

Students and postdoctoral fellows can display their work and receive feedback from top experts in advanced manufacturing

Criteria

- Abstracts should contain original material relevant to the field of cold spray -or- large format advanced manufacturing including but not limited to Friction Stir Welding, Wire Arc Additive Manufacturing, Laser Bed Fusion, Electron Beam, etc.

Format

- The 2023 Action Team Poster Competition includes an abstract submission via email prior to the deadline to be featured in the meeting program. Display your poster on-site to qualify for the grand prize. All participants **must attend the in-person portion** of the hybrid event to present their posters.
- Cold spray related posters will be set up on Tuesday 6/20 in the morning to remain until awards on Wednesday 6/21 in the afternoon. However, posters related to large scale additive technologies will be set up on Thursday 6/22 in the morning to remain available until awards that afternoon.

Technical Requirements

Poster submissions must include:

- The abstracts must be submitted electronically via email as either a Microsoft word document (.doc), or PDF.
- Abstracts should include the title, all authors' names and affiliations
- Abstracts are not to exceed 250 words
- Abstracts should include any pertinent disclosures regarding the research

Eligibility

To be deemed eligible for the 2023 Action Team poster competition, you must be

- Enrolled as a Postdoctoral Fellow, Graduate Student, or Undergraduate Student
- Registered for the CSAT 2023 In-Person Meeting and/ or LSAAT 2023 In-Person Meeting

Apply to Present a Poster

Submissions will be accepted by filling out the application form and submitting your abstract via email.

Submission of abstract is required (PDF or .doc format). Poster abstract submissions will be accepted now until the deadline on **April 28, 2023**.

Each entrant may submit only one poster to the competition whether CSAT or LSAAT related and must register separately to attend the meeting in-person.

Contact submissions@coldsprayteam.com for more information on poster competition details or assistance with registration.
